

06/28/2022

Dear ELEMENT MATERIALS TECHNOLOGY,

This e-mail is to inform you that Lockheed Martin RMS has approved your organization for the following location and process:

Contact Email: daisy.gaona@element.com

ELEMENT MATERIALS TECHNOLOGY LM0513152
14805 YORKTOWN PLAZA DR
HOUSTON, TX 77040

Approval Code(s):

T9074-AS-GIB-010/271 REQUIREMENTS FOR NON DESTRUCTIVE TESTING METHODS

The scope of this approval is being issued by the RMS business area of Lockheed Martin.

Procurements performed for other business areas of Lockheed Martin not limited to Aeronautics, Space Systems, Missiles and Fire Control and LM Sikorsky may require additional surveys and/or requirements to be met.

Any changes in process, equipment, certified personnel, location and/or management used to gain approval for this process should be notified to the Supplier Quality Services organization at supplier-qa-services.fc-mst@lmco.com.

Please note, in an effort to encourage applicable high performing suppliers to become efficient in acquiring Lockheed Martin acceptance. Lockheed Martin RMS is accepting NADCAP (National Aerospace and Defense Contractors Accreditation Program) certification waivers which eliminates the need to have certain surveys executed. More information about NADCAP can be found at <https://p-r-i.org/nadcap/>

Fc-MST, Supplier-QA-Services (RESOURCE) supplier-qa-services.fc-mst@lmco.com

Best Regards,

Lockheed Martin RMS
